Logging into Gateway

Go to gateway.slu.edu
Log in using your email username and your gateway password.
If you need your password, please call 977-4000.

If this is your first time logging in, you will be asked to change your password.

Remember this password because this will be the permanent password for gateway.
Email

Click on the email icon to access your email.

If this is your first time logging in you will need to enter in your mail.slu.edu password.

If your password is still your default password (which would be your birthday), you will need to change your password at mail.slu.edu.

If you do not know your mail.slu.edu password, call 977-4000.
This window shows your inbox. To view a message, simply click on the message.

Once you have been able to access your email, to exit out of email click on the exit link.

Once you are done in Gateway, make sure to log out.

Click on Logout.
Once you have logged out, this page will open to confirm logout.
