MyWebCT gives you the opportunity to access vital information about your courses.

Check with your professors to see if they use MyWebCT for their courses.

**Logging into MyWebCT:**
- Go to http://webct.slu.edu
- Click on the apple “Go to classes”
- Click on “Course Listing”
- Find your course
- Login in with the WebCT ID and password.

- **The WebCT ID is your SLU Username in caps and the last four digits of your Social Security Number.**

MyWebCT is a central location which allows easy access to your courses.

In addition to a customized list of courses, MyWebCT also features the following links and functions:
- Announcements about recent changes and additions to your courses.
- Links to institutional resources, such as libraries and campus services.
- A Link to the WebCT Learning Hub, which contains additional resources for both students and instructors.
- A list and calendar for each one of your courses.

For more information, please go to: [http://webct.slu.edu/](http://webct.slu.edu/)
WebCT is a website in which professors can e-mail students, hold online forums, and post class notes and assignments. You may have a professor who wants to use WebCT.

## Requirements and Recommendations

### Operating System Requirements
- Windows 98, NT 4.0, or higher
- Macintosh System 9 or higher

### Internet Browser Recommendations
- Internet Explorer 5.01 or higher
- Internet Explorer 5.5 Service Pack 2
- Netscape 4.76 or 6.21
- Internet Explorer 5.1 for Macintosh

### Logging on to WebCT

1. From your internet browser, (Netscape, Internet Explorer, Mozilla, etc.) type webct.slu.edu into the address box.

2. On WebCT opening page, click on the “Spring/Summer Courses” tab on the upper left corner.

3. On the next page click the “Log in to” link to the login page.
4. You are asked to log in on the next page. Your WebCT ID is your SLU username (e-mail address without the @slu.edu) in ALL UPPERCASE LETTERS. Your password is the last four digits of your social security number.

Using WebCT

Once you log in, your Internet browser takes you to your WebCT home page. All the classes that you are taking which utilize WebCT are listed on the homepage, starting with the current classes. To get to a certain class’s WebCT home page, click on the course title and number.
Once you click on the course number and title, you are taken to the course’s home page. Every course’s home page looks different depending on how the instructor has set up the page.

When you are finished using WebCT, you must logout of WebCT and also close the browser window. If you fail to exit the application, then other people can access your e-mail, grades, and other personal information.

**Having Problems with WebCT?**
If you’ve been having trouble accessing WebCT, here are some things to try:

- If any new security software was added to your computer, it could interfere with WebCT. Anti pop-up software can be a problem.

- Netscape seems to works best with WebCT. Internet Explorer 6 has been causing some problems.

- Here’s a fix that WebCT recommends for Internet Explorer:
  With Internet Explorer open, click Tools -> Internet Options -> Advanced Tab. Make sure that the “Show friendly HTTP error messages” option is NOT selected. Click “OK” and restart Internet Explorer.

- If that doesn’t work, go to http://channels.netscape.com/ns/browsers/download.jsp and download Netscape or Mozilla.

If you don’t see a course in which you are enrolled, please contact your instructor to make sure they have pulled or updated the student list. If you are still having problems, please contact your professor or send an e-mail with your name, username, course information (name, number, section number, and instructor’s name) to webct@slu.edu. If you don’t know your username, call 977-4000. Courses will automatically appear when you login to WebCT.
